Rulings Favor Elkrun Transfer

Judge Sharp Rejects New Trial Petition

LISBON — The proposed merger of the western Elkrun Township area with the Lisbon school system drew nearer reality Wednesday when Common Pleas Judge Joel H. Sharp ruled against a mandamus action brought by Beaver Local district resident and the new trial petition filed by the County Board of Education.

The mandamus action rejected by Judge Sharp was brought by Franklin Sturgeon, principal of Elkhorn School in Beaver Local District, who wanted the court to order the county board to certify the Elkrun proposal to the County Board of Elections for a vote of all Beaver Local district voters in the November election.

Judge Sharp said he rejected the mandamus action because the new state law, which requires that residents of an entire district vote on the proposal of any part of that district to merge with another system, went into effect after the petition for transfer by Elkrun Township was officially presented.

Judge Sharp turned down the new trial petition after finding that

Heikkila Is Making Way Back to U.S.

HELSINKI, Finland — Wearing a borrowed overcoat, William Heikkila left Helsinki airport today on his return journey to the United States. A bunch of flowers and a box of chocolates were his only luggage.

The 52-year-old Finnish-born draftsman, deported from San Francisco last weekend for being a one-time Communist, was accompanied by three cousins to the airport.

Heikkila was rushed out of the United States without luggage or a farewell call to his wife, U. S. Immigration Commissioner Joseph M. Swig ordered his return after a federal judge scheduled a hearing to determine whether he had been deported illegally.

Heikkila, before emigrating, gave away the money that sympathizers in Finland had given him. He handed it over to a friend to buy toys for his children. He wore an overcoat given to him by the American ambassador. He had arrived in a light summer suit.

Heikkila was born in Finland while his parents, who were naturalized Americans, were on a business trip. He was brought to the United States when 2½ months old but was never naturalized.

Notice! Contrary to Rumors now being circulated, we are NOT going out of business. We are not closing for any reason, Ashland Service, Hanoverton.

Senate Readies For Showdown On Labor Issue

Knowland Attempting To Force Action On Union Legislation

WASHINGTON — Sen. Knowland (R-Calif.) bucked a coalition of Democrats and Republicans today in an effort to force showdown votes in the Senate this week on broad proposals to regulate labor unions.

Knowland, Senate Republican leader, said he will give his colleagues a chance to "show whether they want to do something about the abuses within the labor unions with which the country now is familiar."

Generally Opposed by Labor

Knowland's proposals, including requirements for secret ballots, are designed to give union members more control within their unions. They are generally opposed by labor leaders.

His announced plan to offer them as amendments to a less controversial bill for regulation of funds caused a delay in consideration of that measure. But the Senate decided to go into early-and late sessions to resolve the issue.

Knowland faced consolidated opposition from the Democratic leadership and Republicans who like to class themselves as liberals.

Predicts GOP Vote on Bill

Sen. Ives (R-N.Y.), one of the latter and a member of the Senate Labor Committee which approved the pending bill, said in a separate interview he believes at least a dozen Republican votes will be cast against Knowland's proposal.

Senate Democratic Leader Lyndon B. Johnson of Texas, who has urged the Senate not to attach "crippling" amendments to the pending measure, obviously believed he could supply sufficient Democratic votes to the coalition to stop Knowland's drive.

Treacherous and gusty winds, ranging on the ground up to eight knots at jump time, turned Wednesday's exercise into unexpected tragedy.

The dead included Pfc. Danny J. Ruffin, son of Danny Ruffin Sr. (6710 Hamilton Rd.), Hamilton, Ohio. At least seven other Ohioans were among the injured in Wednesday's jump.

The paratroopers were tossed about the drop zone by treacherous and shifting wind gusts.

The victims, among nearly 1,400 taking part, were dragged across the rough drop zone by billowing parachutes which they were helpless to deflate. None of those hospitalized were believed in serious condition.

"The guy who collapsed my chute for me looked like Santa Claus at Easter time," said Sgt. I. C. Daniel Kling, St. Louis, who suffered severe cuts and bruises. "Guess I went clear across the drop zone."

The battle-trained soldiers making the jump were members of the 502nd Battle Group, one of five such groups in the streamlined 101st Airborne Division. The 502nd is the aggressor force in Exercise Eagle Wing.

The other groups, acting as defenders, are scheduled to jump Saturday.

The five who were killed were blown against trees and rocks by the wind gusts or strangled by

Violent Storms Hit Sections of Mid-West

By The Associated Press

Violent storms lashed central and southern sections of the Midwest Thursday, dominating the wild weather belt from the Rockies to the Appalachians.

Tornadic winds whipped across

the middle Mississippi Valley during the night and early morning, hammering hardest in parts of Missouri and central and southern Illinois.

Tornado funnels were reported over wide areas of the two states but none reportedly touched the ground. Thunderstorms, with strong winds and hail in some areas, hit many sections. No injuries were reported.

Light snow continued in the Rockies and rescue crews were hampered in digging through huge snowdrifts to reach an undetermined number of marooned campers in the snowbound Montana mountain town of Red Lodge. A record 42-inch snowfall hit the 5,600-foot high town of 8,000. Drifts as high as 10 feet were reported.

Acting by voice vote, the House Wednesday sent to the Senate a bill to continue for three years a program providing aid in construction and operation of schools in areas where an influx of federal workers has overburdened classroom facilities.

Wayne, Pa., Firm's Bid Accepted

High School Bleacher Contract Is Awarded

The Salem Board of Education Wednesday night awarded to Wayne Iron Works, Wayne, Pa., the contract for constructing and installing the rolling bleachers at the new Senior High School gymnasium on the firm's bid of \$32,682 for the 2,400 capacity bleacher stands. Bidding on request of 24-inch seat separation increased the bid by \$960.

Attempting to lower the cost of the bleachers, Darrell Fadley business manager, asked each company submitting bids to consider an alternate bid on 18-foot lengths instead of the 16-foot standard seat lengths. Due to certain construction features of Wayne Bleachers, the company could lower the bid on 18-foot lengths by \$2,493, making the contract amount to \$31,149 for the bleachers which will be completed and installed by July 15.

The bleachers, seating 1,200 people per side, are adjustable. They can be rolled out and locked into position for the use of one to 18 All members of the board voted.

Rep. Roosevelt of California, son of the late President Franklin Roosevelt, is in Bethesda, Md., Naval Hospital where he was admitted over the weekend with a stomach ailment. Gosney said the congressman's physicians are to rule on whether he may leave the hospital Friday.

Gosney said in the event Rep. Roosevelt cannot attend, another speaker — a congressman or former Democratic cabinet member — will take his place.

Rep. Wayne L. Hays, 18th district congressman, will accompany the guest speaker from Washington.

No injuries were reported.

Eleven of the plant's 22 storage tanks have been destroyed. Officials appeared doubtful whether the others of the Hampton Roads facility could be saved.

An explosion in the control shed of the 1½-million-dollar plant shortly before 11 p.m. Wednesday touched off the fire as the tanker Esso Newark unloaded at the plant's pier. Unofficial estimates placed the value of the stored petroleum products at several million dollars.

More than 200 firemen managed to contain the blaze in five tanks shortly before daybreak. A slight southeast wind shifted into the area causing the fire to spread.

Plant officials said it was impossible to determine what had caused the blast.

They estimated 12½ million gallons of petroleum products were in storage at the plant.

Rocket Makes Longest Flight Attained by U.S.

Scientists Fear Top Secret Nose Cone May Not Be Found

CAPE CANAVERAL, Fla. — The Air Force hurled a two-stage missile some 5,000 miles out across the southeast Atlantic Wednesday night, but today there were doubts that its top secret nose — needed for study — would be recovered.

Because some of the telemetry equipment aboard the Thor-Vanguard combination failed to function, the missile's course could not be followed as accurately as had been planned.

However, the Air Force confirmed that the nose cone had attained intercontinental range — possibly 5,500 miles.

This meant it was the longest flight any American ballistic missile has yet attained. It required only about 30 minutes to travel to the Ascension Island area off the African coast.

The Soviet Union has made claims of intercontinental ballistic missile flights at full range. The only U. S. missile that previous has flown full intercontinental range is the jet-powered Snark which requires about eight or nine hours for the flight.

Wednesday's mission was to launch the highly advanced and elaborately equipped cone 80 miles up in space and then 5,500 miles southeastward to a previously selected impact area near Ascension.

The launching was sensational, and the flight appeared — after some initial excitement — to be perfect.

Some of the radio reporting equipment in the second stage failed. One Air Force expert said that without all the telemetry equipment, "I wouldn't give two bits right now for our chances of finding the nose cone. There's an awful lot of water in the south Atlantic. But the outlook may brighten tomorrow."

The rocket, a Thor 1,500-mile missile into the nose of which the second stage of a Vanguard satellite had been set like a candle, took off at 7:10 p. m.

The Air Force said the ex-

Gov. O'Neill Says Ohio Faces Problem in Getting Quick Federal OK of Plans

Red Tape May Delay Road Program

WASHINGTON (AP)—Ohio Gov. C. help in getting federal money to William O'Neill asked Ohio GOP start work on Ohio's emergency congressmen Wednesday night for roads program.

Talking with reporters after the closed meeting, O'Neill said he anticipates a considerable amount of red tape in getting roads contracts approved by the Bureau of Public Roads.

"I think we have a serious problem in getting our plans approved in time to have the work under contract this summer," O'Neill said.

Reporters asked the governor why it was necessary to make a special trip to Washington to talk to the congressmen, since the program no longer is in the hands of Congress.

A roads bureau official said today practically all of the work now is up to the states and that there will be little delay as far as the federal government is concerned in getting the roads plans approved.

Threat of War Increasing, States LeMay

NEW YORK (AP)—Gen. Curtis E. LeMay said today the threat of general war increases each day as the Soviet Union grows stronger.

But Gen. Maxwell D. Taylor said general war is less likely than limited wars because of the nuclear strength of both sides.

Taylor, Army chief of staff, and LeMay, Air Force vice chief of staff, prepared their remarks for the convention of the American Newspaper Publishers Assn., Adm. Harry D. Felt, vice chief of naval operations, also joined in the military discussions.

LeMay and Taylor differed on "mutual deterrence"—the idea that with each side able to destroy the other with nuclear weapons, neither will start a war.

"The Air Force believes in deterrence," LeMay said. "We do not, however, believe in the false security that derives from believing the myth of mutual deterrence."

Taylor expressed the view that "under such condition, we are probably justified in assuming that neither side would voluntarily start a general atomic war," but he added: "It does not follow that the Soviet bloc will renounce other forms of aggression as a means of gaining their ends."

Felt spoke out strongly for the Navy's fleet ballistic missile system, in which intermediate range Polaris ballistic missiles are to be fired from submerged nuclear submarines off the coast of an enemy.

All three officers agreed on the possibility of limited war, including the possibility that limited war could grow into general war.

Jet Stunting Reports To Be Investigated

LOS ANGELES (AP)—The Air Force has ordered a formal investigation of reports of jets stunting dangerously close to commercial airliners.

Aerobatics on a civil airway, if verified, would mean a court-martial that could lead to the stunting pilot's dismissal from the Air Force, a spokesman said.

Our Source of Confidence

The Advertising Council, whose aim is to promote voluntary, individual actions in solving national problems, is organizing a drive to build new confidence in a growing America.

Its project is timed to offset the despair that always comes with business slowdown. But the basis of the project is so sound it cannot be challenged.

The Committee for Economic Development, which is another private organization making a systematic, continuous effort to bring the facts about this country to public attention, has pointed out that maintenance of the long-term rate of growth in total output of 3 per cent a year would mean an average family income of \$7,100 a year by 1975. If the rate were stepped up by one percentage point, the average would reach \$8,500. Both figures are estimated after anticipated taxes.

The source of confidence in economic growth is like the source of confidence in the batting ability of professional ballplayers who have maintained high averages.

None of them is immune to the occasional setback of a slump. If they never had a slump, if they always batted at the peak of their demonstrated capacity as hitters, their averages would soar to such heights no one could hope to match them. The net effect would be to make it appear that all the batters who failed were, themselves, victims of a slump.

This country has maintained the world's highest economic batting average against all

And Speaking of Reorganization

The heaviest handicap to the Pentagon reorganization that President Eisenhower and Secretary of Defense McElroy are tackling is fear of losing prestige.

It grips professional militarists and their civilian friends. It influences the words and acts of representatives and senators. It is the worst kind of fear there—fear of the unknown.

No matter how bad things are now, the people who live with them know the ropes and where all the bodies are buried. Reorganization would confront professional officers and their champions in Congress with new ropes and new graveyards.

There might be, for example, a new basis for promotion, as the President has hinted. The highest jobs might go to men with the broadest vision, instead of the narrowest loyalties. The premium might be on wide ranges of interest, instead of on specialization.

It is conceivable that an Arthur Radford might be kicked around just as ruthlessly under a unified command setup as the Navy Department tried to kick Hyman Rickover around because he did not fit into its traditional grooves and channels. A detail of reorganization that could very well be added to the Eisenhower-McElroy blueprint as a

rivalry since the latter part of the 19th century. Within a single generation, its average has risen so sharply that economists peak of it as a revolution of living.

It has made all other countries with rising standards despair of matching it—and with good reason. No other country has been able to tap the great generating force for economic growth that has given the United States its foremost position—the release through private enterprise of millions of small, medium and large economic teams striving against one another for the right to survive.

These teams now are striving harder than ever. Their energy is being wound up like the spring of a clock. Everything they have learned in the past is being brought to bear in the present on their prospects for the future. That is why, in the midst of a slump, their prospects and the nation's prospects never were brighter. Economic initiative is being honed to a fine edge by the challenge of a batting slump.

Confidence is personal, not collective. No one can expect an unemployed worker to forget his immediate problems and take a long view. But the long view is there—and it is the reason for confidence. The Advertising Council, the Committee for Economic Development, the cool heads in government, the great majority of the American people all realize that a batting slump does not mean a batting champion has lost his touch.

Economic Guessing Game

By JAMES MARLOW

Right now we're having one of the greatest guessing games in history. Should taxes be cut now to fight the recession? Our future is involved in the right answer.

Answers are coming from members of both political parties, economists, individuals, private groups, businessmen, labor. Since everyone can't be right, someone's guessing.

The 10-to-1 Break

By TRUMAN TWILL

Everybody now talks about education as if it were the only thing. But nothing is said about teachers, which is like talking about the South Sea Islands without mentioning the natives.

Teachers make education, they break it. If you are lucky, you might get no worse than a standoff.

Most of us, to the best of our recollection, got a 10-to-1 break. For every teacher we ran into during our wanderings through education who led us with a sure instinct, we ran into 10 times as many who, for one reason or another, did not add a whit to our education.

Anticipating the angry outcries of teachers who read this, I hasten to say that we, ourselves, were one of the reasons these teachers contributed nothing to our learning. We left them as cold as they left us.

Like many children, I fell in love with my first-grade teacher. It was a bad case. Years later, after I was shaving, she was still amused about it. But thank to her, because she was lovable, I thought school was going to be wonderful—and it was until I reached the 6th grade.

Then, school became a blight and a misery under a wretched woman who must have been, as I remember her antics, a caricature of everything a teacher should not be. She fought physical battles with her pupils. She screamed and floundered. Worst of all, she lost.

The next year, things went from bad to worse under my first man teacher—a principal who too obviously enjoyed beating up those of us who were least likely to make a contest of his horror chamber sessions.

That would not produce any art in itself. Current agitation in behalf of more money for education is not going to produce any more teachers in itself, either. A person can educate himself without going to school at all. But it is far more feasible to go after education in two of a teacher who knows the way.

This has nothing to do with the mumbu-numbo of certification, but everything to do with the possession of the qualities possessed by all the great teachers of the past, none of whom ever heard of certification.

ment to consult with each other before either takes the initiative on a cut.

But the U. S. Chamber of Commerce, the National Assn. of Manufacturers and the AFL-CIO are for a reduction now, although they differ on the kind of cuts they want.

Former President Truman, an amateur economist, wants fast action. So does Sen. Douglas, Illinois Democrat, a professional economist of national standing before his election to Congress.

Bernard M. Baruch, adviser to presidents from Wilson to Eisenhower, considers a tax reduction unthinkable. Not so Marriner S. Eccles, who headed the Federal Reserve Board under Presidents Roosevelt and Truman. He's for a cut.

But Secretary Anderson, who seems to be guiding the administration's wait-and-see policy, has repeatedly urged caution. He's got something to worry about. A tax cut of five billion dollars would add to his woes by adding to the national debt.

Even without a tax cut, he foresees last week, the government's deficit this year will be over three billion dollars.

Yet over the weekend a highly respected private group—a panel of 17 businessmen, economists and educators—issued a report for the Rockefeller Brothers Fund. They called for quick action in several directions, including a tax cut.

These are just some of the differences in opinion. Why the differences?

There's danger in holding off on a cut to see if the recession gets worse: if it does, snowballs, a tax reduction might be too late to do good. But there's also danger in chopping taxes too soon.

If they were reduced just as the economy was taking an upturn, they might cause inflation which in the end would be worse than the present recession. When is the upturn expected? No agreement on that either.

Over the weekend Secretary of Commerce Weeks said he thought the bottom had been reached although the upturn might not start until fall.

Tax Tug of War

By DAVID LAWRENCE

Two Blocs Waging Battle Over Tax Cut Route

Everybody's talking about a tax cut but nobody in Washington is doing much about it. The main reason is that there is a tug of war going on between two blocs. It's a struggle between those who want to distribute more "purchasing power" irrespective of whether it removes the basic cause of the present recession and those who want to tackle forthrightly the reasons for the unemployment that has arisen in certain key industries.

3. To revise the present system whereby depreciation on plant and equipment extends over many years—sometimes 30 or 50 years—and let the deductions for depreciation be taken in whatever length of time the taxpayer selects. Once the period is selected, it would not be subject to change. The Treasury would gain revenue if the period were short, inasmuch as profits presumably would be bigger than normal after the depreciation period fixed by the taxpayer is over.

Certainly the heavy-goods industries would benefit immediately because orders would be promptly given for new plant and equipment. It would be a chance for manufacturers generally to bring their machinery up to date and enable them to achieve a bigger output of goods at a lower expense.

The first route appeals to the demagogue. The second route calls for the kind of courage that Congress rarely exhibits. For it requires in the next five years a reduction in government spending and a stimulus to private spending.

The climax is coming soon, or on June 30 next the corporation tax automatically drops to 47 per cent from the present rate of 52 per cent. Naturally there are members of Congress who will say that, if the corporations are to get a reduction, the individual also should get his cut.

Another prerequisite to tax reduction is the pruning of government expenditures. Just now the "Spenders" seem to have it all their way. But it's precisely because the government has been forced by Congress into wasteful expenditures heretofore that the dollar has been depreciated in purchasing power. The cost of the things the government itself buys has been inflated due to higher labor expenses all along the line. That's why federal budgets have risen in recent years.

A moratorium on wage increases, a new tax reduction law to stimulate the heavy goods industry by a sensible system of depreciation and tax relief for corporations and individuals on a gradual basis over the next five years, together with self-restraint on wages and prices—this is the program that would really cure the recession. Will Congress have the courage to do it? Only if the people of the nation insist upon such a policy.

Proposed Research Boss

By PETER EDSON

Most important new job created in President Eisenhower's proposed Department of Defense reorganization bill would be that of "Director of Defense Research and Engineering." It would be raised to the status of the present secretaries of Army, Navy and Air Force.

This would put the new man on the third level of the Pentagon layer cake, just below Secretary of Defense Neil McElroy—to whom he would report directly—and Deputy Secretary of Defense Donald Quarles.

It is notable that the new job carries the title of "director." This is taken to mean "boss."

The job would replace that of assistant secretary of defense for engineering and research. It is now held by Dr. Paul Darwin Foote, 70, a retired vice president of Gulf Oil.

Dr. Foote is now one of eight assistant secretaries of defense who have limited authority. The new bill cuts the number to seven.

On top of this there is strong congressional opposition to any surrender of its powers to appropriate money for the separate armed forces. Service rivalries stir up this feeling.

The President's bill goes much farther than the congressional bill on Pentagon reorganization introduced by Rep. Carl Vinson (D-Ga.), Sen. Mike Mansfield (D-Mont.) and others.

This other bill would cut the office of secretary of defense from 1,600 to 600 employees and reserve for Congress the right to prescribe roles of the armed services.

The fight in Congress will be drawn along these lines.

Once Over

Postmaster General Summerfield's new Paul Revere stamp brought the annual reappearance of Midnight Ride belittlers. The Longfellow poem has for generations done more than any poem to kindle love of country and stir patriotism but it's become the fashion to downgrade Paul and his horse on unimportant evidence that two others, William Dawes and Capt. Prescott, were on horseback the same night. "Debunking" specialists give as much criticism to Paul's ride as many folks give to some of Eddie Arcaro's late finishes.

Suddenly, everything that could be called routine stopped. Students milled about irresponsibly. Some of the young men, with the connivance of some of the young women, stage, tch, tch, a panty raid. The campus cops were outmaneuvered and outmaneuvered. It was well along into Monday morning before the rioters calmed down and returned to their hives.

Visit in Brussels

By EDDY GILMORE

(For Hal Boyle)

By EDDY GILMORE
BRUSSELS (P)—Visitors to the 1958 world's fair should arrive equipped with plenty of cash, courage, patience and strong feet. They'll need the money for Brussels' high prices, courage for rides with the city's speed-demon taxi drivers, patience for waiting in long lines at the fair for food, and strong feet to tramp the exhibition's 550 acres.

In November an American reserved a double room with bath for himself and wife at a good but not swanky hotel. He was asked to pay 540 francs—\$10.80—in advance.

On April 4 he was notified that with an increase in prices authorized by the government, the room would now cost 963 francs—\$19.26.

Brussels taximen have new automobiles, mostly American and German, capable of great speed. Just before the World's Fair opened April 17, the starting fare was increased from 7 to 10 francs—20 cents. There is a local ordinance compelling a taxi user to tip a minimum of 15 per cent. But if you stick to the minimum, you'll get more than a dirty glare.

Despite dozens of restaurants, there still are not enough. The

WSCS At Leetonia Names Officers

LEETONIA — Election of officers was held when the Women's Society of Christian Service met Tuesday evening in the social room of the Methodist Church.

The following officers will be installed in May by Rev. Robert Ferguson:

President, Mrs. Ed Gotthardt; vice president, Mrs. Russell Shive; secretary, Mrs. Harold Cleckner; treasurer, Mrs. Gilbert Edgerton; secretary of promotion, Mrs. D. D. Calvin; secretary missionary education and service, Mrs. Lester Fisher; secretary Christian Social relations, Mrs. Wayne Shive.

Student work, Mrs. Merle Davis; youth work, Mrs. Wilson Corna; children's work, Mrs. Ross Vestal; spiritual life, Mrs. Waldo Hall; literature and publication, Mrs. Elby Morris; supply work, Mrs. Charles Albright; status of women, Mrs. Raymond Leonard Sr.; local church activities, Mrs. Willard Davis.

AS PART OF THE program "March of Youth in Missions," three members of the Methodist Youth Fellowship, Miss Nova Jean Edgerton, Miss Beverly Shriver and Raymond Pyles were present and explained the purpose and functioning of the local M.Y.F. Mrs. Russell Shive and Mrs. Harold Cleckner put on a short skit about the "Youth of Our Churches." Mrs. D. D. Calvin had the devotions. The hostesses Mrs. W. W. Bullard and Mrs. Charles Albright served lunch.

A TOTAL OF \$532 has been collected in the Red Cross Drive in Leetonia. Mrs. Esther Holland, chairman and Mrs. Clarence Wooley, co-chairman, thank the donors and solicitors for their aid during the campaign.

Contributions may still be sent to Mrs. Virginia Way in Columbiana. Mr. and Mrs. Robert Esenwein and family of Williamsburg, Va., spent the weekend with her parents, Mr. and Mrs. Russell Burton.

Mr. and Mrs. Fred Spetholz have returned home from an ex-

Two Men Being Held In Columbus Theft

COLUMBUS, Ohio (AP)—Daniel E. Wells, 22, of Carroll, and Richard L. Moss, 24, of Columbus, were arrested Wednesday night for questioning in the \$4,000 robbery of a Marion County gunsmith, police reported.

The men, detectives said, denied the robbery and carried none of the loot. They were arrested about two hours after two men robbed Milo Hills, a gun expert, at his farm home in northeastern Marion County near Kirkpatrick.

Hills told police that the robbers, besides taking the money, took several pistols from gun displays.

Both Hills and a customer of his were taped by the men. However, Mr. Hills gave police the license number and a description of the robbers' car.

Columbus police traced the car to a Columbus man and, while questioning him, Wells and Moss entered the house. The car owner said the men had rented the car Wednesday.

AMS Reports Cattle Industry

May Be Expanding Too Rapidly

WASHINGTON (AP) — The Agricultural Marketing Service said today the cattle industry — now riding a wave of favorable prices — may be expanding too rapidly for its long-time good.

The service said cattlemen are withholding a considerable number of meat animals for use in building biggest herds. This holding operation tends to reduce meat supplies below what they should more normally be, with prices being held relatively high.

The withholding occurs after two years of reduction in numbers of cattle and production of hogs," the agency said in a live-stock situation report.

"With slaughter supplies tending downward, and consumer demand for meat weakening only a little, the immediate result of this holding is to create a price boom. The boom feeds itself; each rise in price stimulates further

Ohio Supreme Court Agrees To Review Stark County Case

COLUMBUS, Ohio (AP)—The Ohio Supreme Court Wednesday agreed to review Stark County Appellate Court reversal of a decision favoring Capital Finance Co. in a suit by Curtis Smith to collect damages following a collision between his car and a company vehicle in Canton Dec. 7, 1954.

The Appellate Court returned the case to Common Pleas Court for a new trial.

The high court also:

Let stand an \$18,000 award to Gary Lyons, son of Charles Lyons, for injuries suffered when Paul J. Besson's car struck a farm tractor driven by the youth on Louisville-Maximo Road, Stark County, on the night of April 29, 1954.

Let stand lower court decisions affirming a 45-day suspension by the State Liquor Board of a night club permit held by Lawrence Torriello, operator of Jerry's Inn, 439 Mason St., Niles, on charges of hindering state inspection of the premises.

Agreed to consider the appeal of Zanesville Rapid Transit, Inc., from Muskingum County decisions allowing George H. Bailey and other employees, members of the Teamsters Union, to draw unemployment compensation for the period between Dec. 1, 1954, and the following Jan. 8 when they did not work.

The employees claimed they were locked out during that period because they refused to accept a 10 per cent pay cut after expiration of a union contract.

Lower court did not say whether a strike or a lockout existed in the dispute.

Refused to disturb a Hardin County Appellate Court order for Common Pleas Court to overrule a motion for dismissal of a suit by Andrew T. Durbin contesting the will of Mary L. Durbin, who died May 5, 1955, in Lima. Durbin brought his action against Mary L. Durbin, executrix of the estate.

Unanimously reversed a \$32,000 award to the Evans Ice Cream Co., Youngstown, and \$5,000 to Evans Dairy Co., a lessee, for land taken by the state in relocating U.S. 422 because the owner and

the leasee were allowed to participate separately in the trial. In returning the case for further proceedings, the high court said both firms should be considered as one party.

Unanimously upheld a verdict by Scioto County Common Pleas Court denying Jo Ann Renfroe of Irion damages for injuries received in a fall down a flight of stairs lacking a handrail in a dwelling rented from Bessie Downard of New Boston. The high court reversed an Appellate Court decision.

Dismissed a mandamus action by the board of education of Miami Trace Local School District, Fayette County, seeking to reverse board clerk Senath Thompson's refusal to certify a \$1,652,500 bond issue so the bonds could be sold for school construction and equipment.

Attaches of the high court said

dismissal of the suit without prejudice, at the board's request, permits that body to seek further remedy through litigation.

Hanover Wide-Awakes

Hanover Wide-Awakes 4-H Club met Monday at the American Legion Hall with Carol Ritz presiding. Roll call was answered by giving titles of favorite songs.

A letter of thanks will be sent to the Hanoverton Lumber Company for its donation of the club's bulletin board.

Each member was asked to contact one other member in order to bring attendance up to 100 per cent membership.

Discussion of the projects was lead by Don Moser and C. P. Kelton advisors.

A rags, paper and scrap drive will be made May 10; each member was asked to contact two families.

Health talks were given by Betty Loudon and John Isenschmidt. Ana Gruber presented movies from the Lepper Library, showing "Mighty Muskie" and "Cars," "Modern Transportation" and "Safety by Helicopter."

The next meeting will be May 5. Peppy Pals Senior 4-H Club

Elaine Huston was hostess for members of the Peppy Pals Senior 4-H Club who met at her home April 15. Vice president Jean Rutherford presided.

Projects for the coming year were discussed, and the new program, read by Doris Rupert, was approved.

The next meeting, for senior members only, will be held May 13 at 7:30 p.m. with Carol Keck as hostess.

Try Again 4-H Club Committee reports were heard at

Friday night's meeting of the Try Again 4-H Club at St. Jacob's church. Members answered roll call with summer safety project.

The reports included: Community service, Rhonda Hill, chairman; proceeds of a benefit; and helping at Leetonia School. Plans were made to collect magazines to send to the U.S. Information Service, for a clean-up day at St. Jacob's Church and for a 4-H Choir for National 4-H Sunday.

The group will have a benefit roller skating party early in May. Proceeds will help pay expenses to Cinerama.

Rhonda Hill demonstrated how to properly measure ingredients; Norma Shad demonstrated how to use a recipe. Talks on the "basic seven" and "cooking terms" were given by Carol Bailey and Jackie Hippolyte respectively.

Lunch was served by Carol Bailey and Carol Myer.

Butler Sew Merrily

Barbara, Kathy and Nancy Stamp of RD 2, Salem recently entertained the Butler Sew Merrily 4-H Club.

For the health and safety subject, the club chose "poison ivy," and voted to purchase chemicals to kill the poison ivy plant.

Officers of the club will meet May 3 at Clara Mae Hartly's home for a discussion of parliamentary procedures.

The next regular meeting will be May 10 at the home of Patty Hoopes of RD 2, Salem.

Fairfield Junior Homemakers

Beulah Converse and Martha Wassink, advisors for the Fairfield Junior Homemakers II 4-H Club, will meet Wednesday with

the newly-elected officers to discuss the year's program.

Officers recently elected during the re-organization meeting are: Pat Converse, president; Lois Kress, vice president; Ellen Long, secretary; Joyce Keslar, treasurer; Nancy Neischleb, recreation leader; Beverly Keslar, devotional leader; Carol Kress, health chairman; Sandra Morrow, safety chairman; and Jean Converse, news reporter.

The next regular meeting will be held May 3 at the home of Sandra Morrow.

Deaths and Funerals

McCullough Infant

LISBON — Burial service for Kenneth Eugene McCullough, son of William and Edna Beadnell McCullough of RD 1, Rogers, was held at 1 p.m. Thursday, with the Rev. Tom Hammerton, pastor of the Methodist Church, officiating. Burial was in Lisbon Cemetery.

The child died shortly after birth Wednesday at 11:50 p.m. in Salem City Hospital.

Besides his parents, he leaves a brother, Theodore McCullough of the home; paternal grandmother, Mrs. Helen McCullough, and maternal grandparents, Mr. and Mrs. Theodore Beadnell of Lisbon.

Mrs. Joseph Carney

LISBON — Mrs. Mary Carney, 76, of West Point, died Wednesday at 3 p.m. at St. John's Hospital, Cleveland, where she had been a patient for one day. She was staying at her son's home in Cleveland when she became ill.

Born Aug. 20, 1881, in Beaver Falls, Pa., she was a daughter of George and Helena Walters Frederick. She lived most of her life in the West Point vicinity. Her husband, Joseph, died in 1951.

She was a member of St. Agatha's Church in West Point and West Point Grange.

Mrs. Carney is survived by two daughters, Mrs. Nettie Powell, DeLand, Fla., and Mrs. Sarah Murray of Cleveland; two sons, Calvin Carney of West Point and Joseph L. Carney of Cleveland; one sister, Miss Elizabeth Frederick, and one brother, Roy Frederick, both of Beaver Falls, Pa.; and seven grandchildren.

Services will be conducted Saturday at 2 p.m. at the Cassady and Turke Funeral Home in Alliance, with the Rev. James Hekathorn, pastor of the New Franklin Methodist Church, officiating. Burial will be in Moultrie Chapel Cemetery.

1st In Clean-up Canvas

City clean-up trucks will begin to canvass the northeast section of the city Monday morning. Mayor Harold D. Smith reports.

The trucks will pick up trash in the northwest section Tuesday; the southeast section, Thursday. The southeast section, Thursday. The dividing lines are Ellsworth Ave. and State St.

The mayor said persons having trash which they want hauled away should place it in containers and set them on the curb lawn the night before trucks are scheduled to canvass in their area. No garbage will be removed, the mayor said.

Colleges to Graduate 116,000 Teachers

WASHINGTON (AP) — Colleges will graduate 116,000 new teachers this spring, but the teacher shortage next fall will still be critical.

This was the gist of a report issued today by the National Education Assn. after a state-by-state survey.

VFW Awards Marble Turnery Winners

The annual Veterans of Foreign Wars marble tournament was held Wednesday evening at Centennial Park with approximately 45 boys participating.

Winner and runner-up, respectively, in the up-to-nine year old group were Rodney Bentley, 8, and Robert Hall, 7.

In the 10 to 12 year-old group, winners were Wayne Washington, 11, and Allen Miner, 11.

Bob Crum, 14, and David Read-

er, 14, were winners in the 13 to 15 year old group.

The three winners who were presented with medals will travel to Dover Saturday to compete in the Sixth District VFW tournament. All winners in Dover will advance to the state tournament at Wooster June 21.

The picture above shows the winners receiving their medals (l. to r.) Bob Crum, Rodney Bentley and Wayne Washington. The VFW officers are Marshall Sutherlin, post commander, and Dick Wonner, senior vice commander.

Lee Burton and Rusty Tomlinson of the Salem Park Commission worked with Sutherlin and Wonner in planning and running the tournament. Judging was done by Curtis Vaughan, Jim Primm, William Wark, and James Hafer of the Kiwanis Club.

to determine a new champion — one to follow in the footsteps of Sandra Owen of Justus, the Canton winner in 1956 and 1957 who was runner-up in 1956 and co-champion in 1957 at the National Spelling Bee.

Drawing Is Held

The drawing for the spelling order was made Monday afternoon and arrangements made for the bee competition.

The local students will spell in this order: Mary Atterholt, 2; Patty Dolansky, 16; and Linda Carlson, 41.

Contending will be a field comprised of 6 sixth grade students, 13 seventh graders and 28 eighth

graders. Girls will outnumber the boys 30 to 14.

Ages range from 10 for the youngest spellers to 14 for the oldest.

The spellers represent the cream of the crop from thousands of spellers in Stark, Carroll, Tuscarawas and Columbiana counties.

Eight of the spellers are making their second appearance at the bee.

The winner will receive, in addition to the all-expense-paid trip to the Washington bee, a portable typewriter, a gold medal and a 24-volume set of the Encyclopedia Britannica.

The second place contestant will be awarded a portable typewriter, and the third place winner will receive a two-volume international dictionary.

Each contestant will be given a one-volume issue of the Lincoln Library for taking part in the bee.

the proposal to transfer the territory to Lisbon system was not misrepresented to three of the signers of the transfer petition as the county board had argued.

Transfer of the western Elkhorn area to Lisbon was recommended March 28 by the State Board of Education after Judge Sharp ordered the county board Dec. 20 either to allow the transfer or send it to the state board for final disposition.

The judge previously found that the transfer petition bore the required number of signatures and thus was valid.

The county board has until April 28 to transfer the Elkhorn territory.

The second stage ignited immediately and bore the missile onward.

Observers said the missile traveled straight and true as long as it could be seen.

After the burnout of its second stage, the missile nose would continue on ballistically, like a rock hurled into a long arc through the sky.

123 Absentee Ballots Issued In County

EAST LIVERPOOL — A total of 12 absentee and disabled voters' ballots has been issued to date for the May 6 primary elections, Frank R. O'Hanlon, clerk of the County Election Board, said today.

The total includes 109 issued under the state's civilian absentee and disabled voting law and 14 distributed to service personnel and civilians residing temporarily outside the United States, he said.

Maj. Gen. W. C. Westmoreland, 44, who assumed command of the 101st earlier this month, jumped with the 502nd, his 70th jump without injury, but he was dragged 300 feet across the ground.

The Ohioans injured included

Pfc. James Scalio, and P. 3 C. James B. Mills, both of Cleveland; Pfc. Thomas J. May, Ironon; Pfc. Tim Gee, Medina; SP3C. Leonard O. Sanford, St. Marys; M. Sgt. Alfred J. Grant, Middletown; and Sgt. I. C. William J. Ashcraft, Painesville.

Teachers Pick

Officers At County Dinner

Willie Strader, vocational agri-

culture teacher at Beaver Local High School, was elected president of the Columbiana County Teachers Association at the annual dinner meeting held at New Waterford Fish and Game Club last night. He succeeds Pete Marra of United Local.

Ralph Myers, principal at New Waterford, was elected vice president; and Mrs. Elsie Crawford, teacher at West Point school, secretary.

Mr. and Mrs. Strader were named delegates to the Ohio Education Association.

Dr. George Van Horn and Miss Mary Jane Stansel of Beaver Local schools, were elected delegates to the Northeastern Ohio Teachers Association convention in Cleve-

land in October; Mrs. Phyllis Trotter of Calcutta and Miss Fannie Dickey of New Waterford were elected delegates to National Education Association convention in Cleveland in July; Mrs. Lulu Barber and Mrs. Ruth Archibald, both of East Palestine, were named to attend the conference on instruction in Columbus in January.

The two hundred teachers and friends present at last night's meeting heard Dr. Gerald Read of Kent State University, who made a trip to Russia recently as secretary of the Comparative Education Society. He told of differences between Russian and American education systems.

Two amendments to the county teachers constitution were made: one was to make it mandatory that the vice president moves up to president and the other was to make the Northeastern Ohio Teachers Association delegate a three year term.

Supt. James L. McBride introduced three county board members, President Ben Weingart, Donald Elliott and Mrs. Freeman Strabley.

Board members last night also took action on Fadely's request to correct the parking problem for the school bus drivers at Reily School. The bus entrance will be widened to a 12-foot radius, and the curbing moved back three feet.

The hazardous playground situation at Prospect School was also discussed. Fadely reported that at least eight pupils have been injured there this year. Playground improvement suggestions were offered by Mr. Fadely, Miss Ora Montgomery, principal of Prospect School, and Lee Burton, Salem Park and Recreation director.

Board members agreed to take action as soon as a complete set of figures on improvement cost would be submitted.

Inside Labor By Victor Riesel

Of course there are those in the Pentagon who can tell you at what moment, not too long ago, the Strategic Air Command had enough hydrogen bombs on the wing to wipe out most of the Soviet Union. That was during the week of the Suez crisis. We had 100 super bombers riding the edge of Russia then.

We are doing nothing and it is not the fault of the Federal Civil Defense Administration. Its directors have repeatedly asked the Budget Bureau for money to finance the beginnings of some such project. But it is fact that the Budget Bureau has not permitted a request to be made to Congress for such funds.

TRUE, no one knows how much would be needed. The White House has a study which puts the cost at a traumatic \$8 billion dollars. The Civil Defense puts it at \$3 billion. The Gaither committee, which was appointed specifically to study the bomb shelter problem, put the cost at \$4 billion dollars. All this would be stretched over five years.

Thus for five billion dollars a year we could begin building an anti-radioactive shelter network in every part of the land. Sooner or later we'll need it—and the authority for all this is Rep. Chet Holifield, chairman of the Radia-

And though we can take for granted that the Russians have been on the wing, too, we're neither digging nor weaving together a network of ground shel-

ters, though this could solve two mighty problems:

These are (1) safety from post-bombing radioactive fallout and (2) unemployment.

tion sub-committee of the Joint Committee on Atomic Energy.

When questioned recently, Holifield told one of the nation's leading thermonuclear scientists:

"Fallout shelters would be required everywhere in the U.S."

"The shelter program originally proposed to our Military Operations sub-committee (of the House) by the Naval Radiological Defense Laboratory envisaged a system of graduated shelters. Sparsely populated areas would have simple fallout shelters; more heavily populated areas would have shelters protecting against fallout and relatively low blast pressures and major population centers would have shelters offering protection against fallout, firestorms and considerable blast pressures."

Sparsely populated areas would have simple fallout shelters; more heavily populated areas would have shelters protecting against fallout and relatively low blast pressures and major population centers would have shelters offering protection against fallout, firestorms and considerable blast pressures."

"Thousands of these would be necessary for, as Mr. Holifield put it: "it means having an alternative to destruction or surrender at the first sign of Russian aggression."

THESE SHELTERS would need to be stockpiled with hundreds of millions of dollars worth of food, clothing, medicine, refrigeration facilities and other emergency equipment. Why?

"In the absence of specific direction," Mr. Holifield reported, "I would think that people caught in such a fallout would have to stay 22-25."

under cover for several weeks or until they could be directed to a 'cooler' area.

"I might also point out that a shelter program requires a corollary plan for protecting and restoring certain essential industrial facilities. In some cases this would mean large scale decontamination measures to permit the use of facilities as soon as possible following an attack."

In addition, this column has been told that there are at least three million skilled workmen employed on defense production so secret that they must have security checks. As many as possible of these workers would need to be rushed to special shelters for redistribution to surviving plants.

Such an over-all program of shelter construction, launched now, would re-employ millions, it is estimated.

And if Khrushchev isn't just a vodka sponge with a loud mouth, those shelters might just come in handy some day. If not, they'd make beautiful garages.

Purkey Allows 6 Hits as Reds Trip Braves 2-0

Cincinnati Has Won 4 Of 6 Games

CINCINNATI (AP)—A few years ago, Gabe Paul, Cincinnati Redlegs general manager, gave the famous old trader, Branch Rickey, a trimming when he got Gus Bell from Pittsburgh for players who couldn't stay in the major leagues.

It's still a bit early to tell, of course, but it begins to look as if Paul may have pulled a somewhat similar deal when he talked Joe L. Brown, Rickey's successor, out of pitcher Bob Purkey.

Purkey now owns two of Cincinnati's four victories and Wednesday night's 2-0 shutout of Milwaukee was a masterpiece in more ways than one.

It stymied, at least for a time, the reports that he's a seven-inning pitcher. It gave the Redlegs a running start against Milwaukee, a club that beat them 18 of 22 times last year. And the Rhinelander whipped Lew Burdette, the 157 World Series hero who long has been one of the toughest pitchers in the league for them to lick.

Purkey scattered six hits over as many innings and rarely was in any serious trouble. He struck out five and walked only one.

Speaking of his pitching, Purkey said:

"I was using them all—the knuckler, slider and sinkers. You've got to have more than one pitch to win and especially against a club like Milwaukee."

Manager Birdie Tebbets also took particular joy in the fact the Redlegs now have won four of their first six.

"Winning this early is strange for us," he said. "For the last four years we've gotten off to bad starts. Maybe this year we're going to change things, I hope so."

Purkey wasn't only the pitching hero—he also touched off the Cincinnati run-scoring splurge. He doubled with one out in the sixth. Then came a single by Johnny Temple and, after Vada Pinson had rolled out to Burdette, both runners came home on Frank Robinson's looping single.

That started and ended the run scoring for the night.

Tonight Brooks Lawrence, apparently recovered from an arm ailment, is scheduled to pitch against Milwaukee's Warren Spahn who always is just as tough for the Redlegs as Burdette.

22 Golfers Entered In Tourney of Champs

LAS VEGAS, Nev. (AP)—Select was the word today for the 22 golfers who set forth in the sixth annual \$40,000 Tournament of Champions.

Playing the perfectly groomed Desert Inn Country Club's 7,048-yard course, the first twosome was due to tee off at 1 p.m. PST.

First off the tee are Gene Littler, who has won this event with its \$10,000 top prize three straight years, and his fellow San Diegan, Billy Casper.

Littler hasn't won another major tournament since his triumph here a year ago.

While Littler has won the Las Vegas event three times, young Ken Venturi of San Francisco is the betting favorite in this resort where betting is legal.

Venturi is listed at 5-1. At 8-1 were Littler, Casper, Doug Ford and the recent Masters winner, Arnold Palmer.

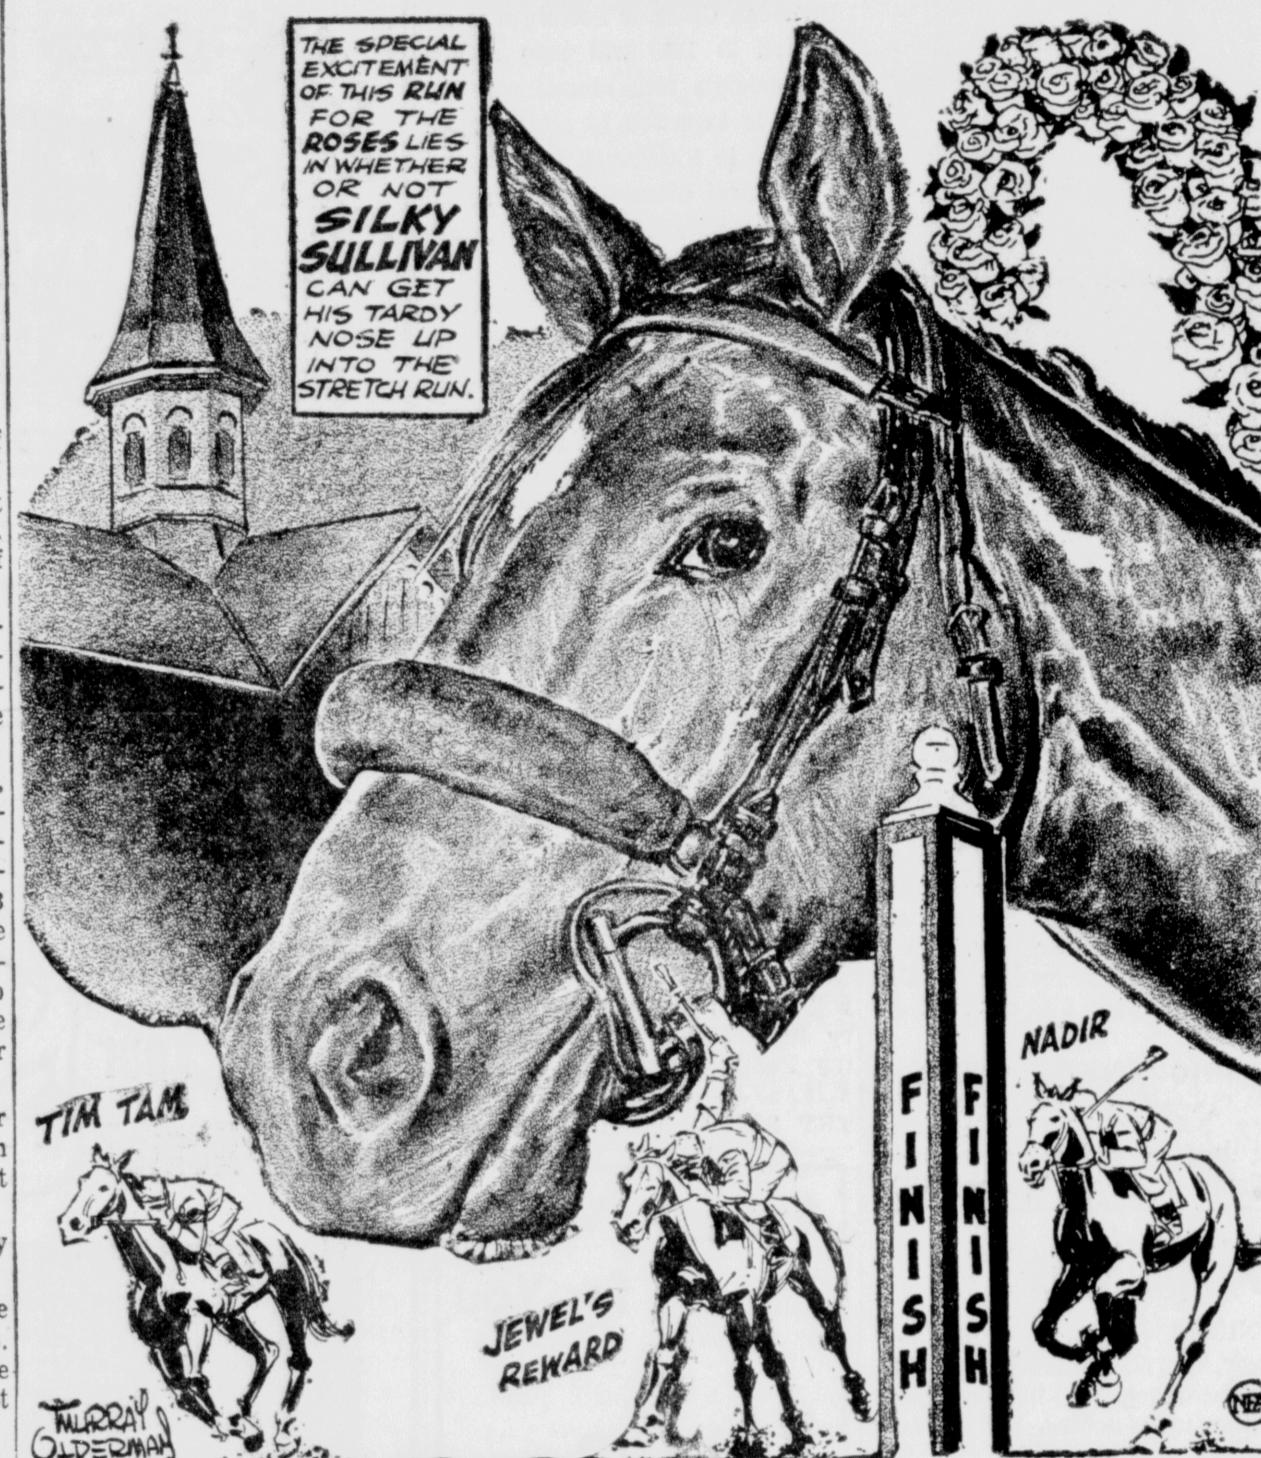

National Open champion Dick Mayer is no better than 15-1.

PLAN AMATEUR TOURNEY

CLEVELAND (AP)—The 58 Ohio Women's Amateur Golf Tournament will be held at the Aurora Country Club July 7-11. Mrs. Forrest Brundage of Toledo, secretary of the Women's Ohio Golf Assn., notified the club Wednesday that its invitation had been accepted. Defending champion is Miss Anne Richardson of Columbus.

Redlegs Make Pledge to Stay In Cincinnati at Least 5 Years

CINCINNATI (AP)—Cincinnati's day voted to sign an agreement rabid baseball fans can breathe with the city whereby Cincinnati easy again. It has become official and Hamilton County will spend two million dollars for parking facilities around Crosley Field. The club, in return, will pledge to remain here for at least five more years.

The Redleg directors Wednesday night agreed to the deal when it was hustled over to City Hall where City Manager C. A. Harrell attached his signature.

The agreement, of course, has been in the works for several weeks but it had appeared there was a minor hitch over designation of where the parking facilities would be located.

But that ended quickly when the club voted to waive its objections.

The issue of whether Cincinnati might lose its National League baseball team arose last winter when Crosley said he might move the franchise because of the lack of adequate parking facilities around the ball park.

The club will be relieved of its obligations if the city admissions tax is increased.

The club agreed on a clause calling a major league franchise a thing of "unique value and unusual and distinctive value to the metropolitan area." City officials said that was designed to prevent club owners from moving the major league franchise and bringing in a minor league club.

The two million dollars to be spent will provide parking for a minimum of 2,600 automobiles.

Star Left-Hander Gives Up 3 Hits

CLEVELAND (AP) — Memo to American League hitters:

Herb Score once again can fire that ball past you—his curve ball breaks sharply and his control is good. He's even fooling around with a slider to make things tougher.

The Cleveland Indians' star left-hander convinced the Chicago White Sox Wednesday that he has fully recovered from that accident last May 7 when a line drive

Buffalo Blasted 11-5 By Columbus Jets

By The Associated Press

Toronto, Buffalo and Richmond, last year's first, second and third place clubs in the final International League standings, are having difficulty getting a winning streak underway this year. The three all together have scored only four victories compared to 16 losses.

In Wednesday's games, the Montreal Royals shut out the Miami Marlins, 3-0, the Columbus Jets blasted Buffalo 11-5, Havana beat Toronto 5-1, and Rochester defeated Richmond 4-1.

Columbus handed Buffalo its fifth straight loss, trouncing the Bisons before their home opener crowd of 14,862 fans. Gair Allie and Emil Panko led the attack on four Buffalo pitchers. Each got two hits and had four runs batted in. It was Allie's grand slam home run in the sixth inning that gave the Jets a comfortable 10-9 lead and they coasted from there. Cholly Naranjo was knocked out in the eighth inning when the losers scored all of their five runs.

Although Score was in a tight pitching duel with southpaw Billy Pierie, he said he experimented with a few sliders.

Score said, "I don't try it at all on the sidelines. I just sneak one in once in a while when I think the batter might not be expecting it."

It was Score's second straight victory after being knocked out in the season opener against Kansas City when he went only three innings in a losing effort. The shutout was his first in exactly a year. The last one also was against the White Sox and Billy Pierce on April 23, 1957.

The Indians scored single runs in the second and third innings off Pierie Wednesday. A double by Rocky Colavito, who also had a pair of singles, a single by Chico Carrasquel and rookie Carroll Hardy's sacrifice fly led to one run in the second inning. Bobby Avila added another with a home run over the left field fence in the next frame.

That was all the punch the Indians could manage against Pierie, who pitched a fine game and permitted seven hits.

Falstaffs Crash Into Second Place in ABC Team Division

SYRACUSE, N. Y. (AP) — The Falstaff Brewing Corp. will get more than its money's worth out of its bowling promotions this year.

The San Antonio, Tex., edition of the Falstaffs crashed into second place in the American Bowling Congress tournament Wednesday night with a 3205 series, giving the brewery a 1-2 monopoly in the open team division.

The St. Louis Falstaffs have held the record for 31 years before it was demolished Wednesday night.

The Texans' 3205 is the fourth highest series in ABC annals. The 3210 by their St. Louis counterparts was the third highest. The Birk Brothers of Chicago set the record in 1938 when they rolled 3234.

The Fairlanes team of Fairless Hills, Pa., moved into sixth place with 1052-990-1007-3049 Wednesday night.

The only change in the minor events came as Danny Thomas and James Pantazis of Detroit collaborated for a 1296 total to take seventh place in the doubles standings.

JAMES FITZER will direct the New Waterford school annual spring concert, "Swing Into Spring" at 8 p.m. Friday at the school auditorium. Numbers will be offered by the beginners band, junior band, dance band, concert band, mixed chorus, and boys' quartet.

A mixed chorus of 44 from Columbiana high school sang under the direction of Mrs. E. Gordon Warner at the Rotary Club meeting this week. The chorus won superior ratings at district and state contests.

Other numbers were presented by the girls' chorus, girls' octet, and a solo by Gary Wilms. Accompanists were Rosalie Warner, and Beverly Bock.

Visiting Rotarians were Hiram McGrath and Irl Fisher of Mansfield, both former Columbiana residents, and Dick Jones of Boardman. Robert Hum was program chairman.

Wildlife movies from the western mountain areas were shown by Herb Heck at the Kiwanis Club session this week. A special guest was H. F. Richman of Alliance, a former local school superintendent.

THE JUNIOR CLASS play matinee will be held Friday for grades 4 through 8. The play, "Finders Creepers," will be presented for the public at 8 p.m. Tuesday in the high school auditorium.

Two Columbiana women attended the National Campaign Conference of Democratic Women Sunday and Monday in Washington, D.C. They are Margaret Zellers, president of the Columbiana Democratic Women's Club, and Kay Blackburn, county Democratic chairlady.

Annual junior high athletic banquet will be held tonight at Dixon School.

Englishman Planning Suit Against Monaco

NICE, France — Sir Bernard Docker says he's going to get the best libel lawyer he can find to sue Prince Rainier's Monaco for having him and his wife kicked off the French Riviera.

"This affair will cost Monaco 200 million francs (almost half a million dollars)," raged the British industrialist.

"They are fools," snorted his blonde wife, Lady Norah Docker of the gold-plated Daimlers, marble championships and other headline-grabbing pursuits.

Lady Docker's current appearance in the limelight — from which she has been absent for some time — began Sunday. Monaco charged she insulted Prince Rainier and Princess Grace by tearing up a small paper Monaco flag at the Monte Carlo casino.

Senior Citizens To See Slides of Holy Land

Mrs. Eva Cook will show slides and tell of her trip to the Holy Land when Senior Citizens meet Friday at 1 p.m. in the Memorial Church.

There will be special music, and members who have been vacationing in Florida the past winter, will tell highlights of their trips.

Mrs. H. B. Parks will be in charge of the program. The birthday cake will be provided by members of the Salem Council of Jewish Women, who will serve as hostesses.

Goshen Ball League Plans Dinner, Tag Day

DAMASCUS — The finance committee of the Goshen Hot Stove League met at the home of the chairman, Frank Chepke, to make final plans for financing the teams for the year.

Plans were completed for a smorgasbord supper to be served May 3 at Goshen Union High School.

The committee in charge is composed of Mrs. Paul Bayless, Mrs. Charles Duriga, Mrs. Frank Chepke, and Mrs. Donald Lane.

Plans also were made for tag day the latter part of May. It was decided to give a prize to the boy who sells the most tickets for the smorgasbord.

Special Services Set At Friends Church

The youth of the First Friends Church are sponsoring special services Friday, Saturday and Sunday evening at 7:30 p.m. in the church.

Wayne Ickes, a ministerial student in the Friends denomination, will be guest speaker. The King's Messengers, quartet from Malone College, will provide the special music.

Ickes, a graduate of Salem High School and Malone College, is attending Youngstown University.

While in high school he played football and was the recipient of the Knights of Columbus award.

He is also assuming pastoral duties in North Lima.

He is the son of Mr. and Mrs. Wayne Ickes of Georgetown Road, and is married to the former Barbara Tolson.

The King's Messengers quartet is comprised of David and James Grafton of Canton and Ronald Spalding of Wadsworth.

PLAN DINNER MEETING

The Business and Professional Women's Club will hold a dinner meeting Monday at 6 p.m. at the Ruth Smucker House. Reservations may be made with Mrs. Leland Hahn by Friday evening.

Special recognition will be given to new members. The membership and federation committees will be in charge of the program.

Chilean Envoy's Car Strikes Policeman

NEW YORK (AP) — An auto driven by the Chilean ambassador to the United Nations struck and slightly injured a policeman riding a motor scooter to work Wednesday night.

Ambassador Alfonso Grez, who did not stop after the accident, later was quoted by police as telling them he had not been aware of striking any vehicle.

The ambassador has diplomatic immunity.

Ike Okays Speed-Up In Air Control Project

WASHINGTON (AP) — President Eisenhower has authorized overtime work to speed completion of a modernized air navigation system. He said the emergency action is essential to national defense.

The project involves installing communications facilities and radar equipment to guide aircraft between airports.

The President said suspension of the eight-hour day is aimed at completing the new facilities in a very short period of time.

4 Win Prizes at Noble Grand Card Party

LEETONIA — The Past Noble Grand Club met at the home of Mrs. Nelle Helt Monday evening. After a short business session, "500" was enjoyed with the prizes going to Mrs. Rosa Cox, Mrs. Eldon Holt, Mrs. Roy Mathey and Mrs. Adin Harman. The club will meet at the home of Mrs. Earl Kyser in May.

Cub Scout Dens 3 and 4, accompanied by Den Mothers Mrs. Waldo Hall and Mrs. George Wire, made an inspection tour of the Leetonia Fire Department Monday. Fire Chief Robert Brown conducted the tour. Mrs. Howarl Stouffer was a guest.

Mr. and Mrs. Raymond Leonard Sr. visited her brother, Walter Kennedy, in Salem Sunday.

Mr. and Mrs. Thomas Walters of Warren, Mr. and Mrs. William Shephard of Monaca, Pa., Mrs. J. J. Shephard of Rochester, Pa., Mr. and Mrs. Thomas Walters of Columbiana and Mr. and Mrs. Vernon Walters of Leetonia were dinner guests of Mr. and Mrs. Lee Bush Sunday.

SEVEN TABLES of 500 were in play at the card party sponsored by D. Wallace Rebekah Lodge Saturday evening. Prizes were awarded to Herbert Sechrist, Mrs. L. Blosser, Raymond Baker and Mrs. Carl Varian.

The next benefit party will be Thursday evening.

The Silver Circle Society of the Presbyterian Church will be entertained at the home of Miss Carrie Truesdale Thursday evening at 7:30.

The Sunday School Association of St. Paul's Lutheran Church will hold their April meeting in the Church parlor this evening at 8.

The Junior Choir will practice Thursday evening at 6:30, and the Senior Choir at 7:30.

Mrs. Marion Lodge will entertain the Priscilla Club at the Lutheran Church tomorrow evening.

Retarded Children Committees Named

The Salem School for Retarded Children will be closed Friday to permit the teachers, Mrs. Gordon Bennett and Mrs. Walter Hilliard, to attend the state convention at Youngstown.

Anyone interested is invited to attend the convention sessions, on Friday, Saturday and Sunday at the Pick Ohio Hotel. Registration time is Friday and Saturday from

9 a.m. to 9 p.m. and Sunday from 8 a.m. to 9:30 a.m.

A tour of retarded children's schools in the Youngstown area is planned for Friday during the day, and the opening convention session is to be at 7 p.m. Friday.

Additional information may be obtained by calling John Billiter, president of the Salem Council, at ED 7-3797.

At a recent meeting of the Salem Council in the Westminster House Mr. Billiter presided and appointed the following committees:

Projects, Miss Jeanette Hoch; telephone, Mrs. William Sunder-

man; maintenance, Robert Starbuck; transportation, David Simment, Mrs. Ned Massa; publicity and public relations, Mrs. Elizabeth Hodge; finance and budget, the Rev. William Spearman; children's entertainment, Mrs. James Vocature; and institutions, Mrs. John Billiter.

The next meeting will be May 14 at 8 p.m. in the Westminster House.

It's usually best to thaw a frozen duck before cooking it. But be sure to cook it shortly after it is thawed.

County Auto Dealers Elect Wilbur Coy

Wilbur L. Coy, Salem Buick dealer, has been elected president of the Columbian County Automobile Dealers Association. He succeeds Mike Turk of East Liverpool.

Harold Brittain of East Palestine is vice president.

Mr. Coy presided over a county dealers meeting Monday in East Liverpool, launching the county-wide "You Auto Buy Now" campaign.

The speaker was Dan Wiggins,

assistant sales manager of the Cleveland zone for the Ford Motor Co.

JUNK-YARD SATELLITE — That good old American ingenuity is not a thing of the past as proved by Walter Merker, 12, a Chicago schoolboy, and his homemade model of Explorer I, America's first satellite. The exhaust was once a flower pot; the nose cone was a soup ladle from which the handle was cut off; the casing was an electric dryer vent, with a liberal sprinkling of old stovetops; and the crossbands over the radio units were cut from scrap aluminum with household scissors.

Green peas are one of the most
popular, and versatile, vegetables
cultivated today. Colorful, tender
and flavorful, they can fill numer-
ous menu needs.Peas with rice are very nice —
both for the cook in a hurry and
the one who has more time. By
substituting ingredients, the com-
bination can become anything
from a main dish at dinner to a
colorful luncheon offering.Try toasted, slivered almonds
sprinkled over the rice ring. Tuna
or roast veal or beef can be sub-
stituted for the chicken.Chicken and Pea Rice Ring
3 tablespoons butter or marga-rine, 1 can (1 pound) peas, 1 can
(3 to 4 ounces) mushrooms, $\frac{1}{2}$
cup diced celery, 2 tablespoons rai-
sins, 2 bouillon cubes, $\frac{1}{2}$ teaspoon
salt, 1 cup processed white rice,
2 cups diced cooked chicken, tur-
key or ham.Melt butter in heavy saucepan
or skillet. Drain peas and mush-
rooms; measure liquid; add water
to make $2\frac{1}{2}$ cups. Add to skillet
along with celery, raisins, bouil-
lon cubes and salt; bring to a boil.
Add rice slowly.Cover; reduce heat and simmer
25 minutes. Add chicken and peas
last 10 minutes of cooking time,
4 servings.

Boy Scout Troop 52

Adult and junior leaders of Boy
Scout Troop 52 of Hanover Town-
ship recently spent a weekend at
Camp Twin Spruce at Leesville
Lake.The leaders enjoyed camping,
boating and canoeing while making
plans for the whole troop to
camp there the last of April.The troop will clear brush and
weeds from campsites which have
been unused for several years, in
preparation for use during sum-
mer camp this year.The Morse Code also will be
practiced with signal flags from
points across the lake. Several
scouts will earn their first class
badges at this time.Junior leaders attending the
Green Bar Camp were Carl Whin-
ney, Donald Mayer, William
Schroyer, Dave Mayer and Dennis
Cummings. They were accompa-
nied by their scoutmaster, Donald
Mayer, his assistant, Charles
Thompson and the institutional rep-
resentative, Carroll Greene.At a recent troop meeting, Ex-
plorer Scout Gary Whitsel was
awarded the Star Scout badge
and merit badges for scholarship,
bicycling, pigeon raising and art.Gary, who is now attending Kent
State University, will serve Troop
52 as assistant scout master in the
near future.At a Scout Night program in
May, the troop will be honored by
its sponsor, the Hanover Township
Ruritan Club.

Kitchen Reminders

Material in Baby's lap pad dic-
tates how it is washed. Felt-like
pads generally may be washed
by machine in hot suds. But rub-
berized flannelette should be
washed by hand and in warm suds,
not hot water.An 8-ounce can is sometimes
called a "buffet" can; it holds one
cup and fruit and vegetables are
packed in it as well as some other
specialties.

**Outdoor Cookery
Accessories Make
Chef's Job Easier**

With outdoor cooking becoming more and more popular, many amateur chefs now are expanding their summertime activities from fixing hamburgers and steaks to preparing more elaborate menus.

Several outdoor grill accessories are available to make the preparation of these creations easier. Some of the most popular include electric motors that turn rotisserie spits automatically, utility tables that hook onto the fire bowl and provide handy work space and extra hoods so the open grill can be transformed into a smoker.

All these accessories are designed to make outdoor cooking easier and more enjoyable. Most of them are made so they will fit on present outdoor grill equipment.

**Baby Eats Solid
Foods At Early Date**

National Baby Week, April 26 to May 3, and Child Health Day, May 1, bring into focus the great difference between baby feeding today and 25 years ago. A recent survey among 2,000 pediatricians revealed that almost 90 per cent of them now recommend solid foods before the age of three months.

In a research project, Dr. Ruth Leverton, assistant director of human nutrition, U. S. Department of Agriculture, and a distinguished pediatrician, Dr. George Clark, increased the diets of six-week-old babies with sufficient strained meat to up their protein intake 25 per cent. They found this actually promoted the formation of hemoglobin and red blood cells necessary to prevent anemia. Also, that the meat-fed babies had only one-half as many colds as the others.

Dr. H. B. Lockhart, nutritionist for Swift Company, reports that his long-term research offers conclusive proof that the baby started on meats when only a few weeks old has a head start on a healthier, happier life.

A group of Miami, Fla., physicians led by Dr. Walter Sackett have started feeding solid foods to infants even before they leave the hospital. They report that within a few weeks the babies are eating only three meals a day.

A company that pioneered in strained and chopped meats for babies, now offers three new chicken varieties-chicken à la king, chicken with sweet potatoes and chicken with rice in 3 1/4-ounce containers. This is good news for parents who hope to prevent food prejudices in their growing babies. Pediatricians stress the fact that early acquaintance with a variety of foods sets up healthy and non-finicky eating habits that will stand the youngster in good stead all his life.

Golden Batter Makes Fried Foods Better

Spring Concert Set For Friday At Waterford

The annual Spring Concert will be held at the New Waterford school Friday evening at 8 p.m. in the auditorium. The theme is entitled "Swing into Spring". The program will feature the beginner's band, the Junior Band, the Senior Concert Band, the Dance Band, the high school mixed chorus and the boys quartet. The festival will be under the direction of James Fitzer, music instructor.

The New Waterford School students will go to the Fairfield school Friday. Rev. Bob Richards, Olympic pole vaulting champion, will be the speaker at 9 a.m. Rev. Richards' appearance was obtained through the Industrial Institute of Youngstown.

Mrs. Lenora Gerber, Mrs. Vida Lewis, Mrs. Bertha George and Mrs. Peggy Nash attended Presby-

Batter up! Here's a batter which is guaranteed to score a hit with your little leaguers, especially when it surrounds tender fried chicken and succulent onion rings.

It's Golden Fry Batter, a brand new recipe for French-frying, featuring a combination of corn oil and flour. The secret of this superb frying batter comes from the French chef and owner of the popular "La Dona Luz" restaurant, Taos, New Mexico.

Flour and corn oil, plus egg and milk, combine quickly into a delicious - tasting coating which fries a golden brown.

Golden Fry Batter

1/2 cup corn oil, 1 cup sifted flour, 1 egg, 1 1/2 cups milk.

Blend oil and flour. Add egg and milk. Beat with rotary beater until smooth. Batter will be thin. Dry food thoroughly; then coat generously with unseasoned flour. Dip into batter, letting excess drip off. Fry in oil (375 degrees) 3 to 4 inches deep until golden brown.

Using chicken 2 1/2 lb. or under. Fry until tender. Drain on absorbent paper; salt before serving.

Onion Rings

Dip rings of mild onions, sliced 1/4 inch thick, into batter. Fry until golden brown, about 3 minutes.

East Palestine Board Studies Annex Plans

EAST PALESTINE — The Board of Education Tuesday night arrived at an agreement on one of three plans submitted for the proposed cafeteria - music room addition to the high school and requested a cost estimate.

The plans were drafted by architect Myron Goodwin of Youngstown.

The Parent Teacher Organization and the Band Parents Club is sponsoring the drive for the addition to the school. A bond issue would be necessary if the board approves the project.

Nickel-containing stainless steels are used in modern high-speed aircraft jet engines because they withstand the hot corrosive gases.

Flounder Anastasia Is Family Delight

Flounder Anastasia should be a favorite with your family as soon as you've tried it. Colorful, tempting, it has just the right flavor appeal to make it a dish the family requests often.

Flounder Anastasia

6 to 8 sole or flounder fillets (or 2 boxes of frozen fillets cod, haddock or ocean perch), salt, pepper, oregano, 1 pound shrimp, cooked and chopped, 1 cup coarse bread crumbs, 1 tablespoon minced onion, 1 tablespoon chopped parsley, 1/2 teaspoon salt, 1/2 teaspoon cayenne.

If fillets are frozen, let them thaw on refrigerator shelf or at

room temperature. Sprinkle fillets with salt, pepper and oregano. Arrange half the fillets in a greased broiler pan; or in a shallow pan lined with greased foil. Mix the shrimp, bread crumbs, onion, parsley, salt and cayenne.

On each fish fillet in pan, place a portion of the stuffing. Top each with another fillet. Bake stuffed fillets at 375 degrees (moderate oven) 25 to 30 minutes or until fish flakes easily when tested with a fork.

Baste frequently with Caper Sauce and serve with any sauce that is left. Makes 4 to 6 servings.

Caper Sauce

1/2 cup lemon juice, 1/4 cup olive oil, 1/4 teaspoon garlic powder, 1/4 cup capers.

In a small saucepan, combine

lemon juice, olive oil, garlic powder and capers; heat.

A New and Savory Springtime Dish

By CECILY BROWNSTONE

Looking for springtime lunch ideas? Is the family home Saturday and would you like to serve them a new but simple-to-prepare dish?

Then try this good combination of sardines with cucumber slices and onion rings. The vegetables are marinated, in Scandinavian style, with vinegar, sugar and salt. The sardines are pure American, packed in Maine, in a slightly spiced soya bean oil and come six to a 4-ounce can.

The cucumbers and onion rings should stand in the marinating liquid for about three hours before they are served, so slice the vegetables and put them in the marinade early in the morning. Refrigerate them in a flat covered container and they'll be seasoned beautifully by noon.

If you serve a prepared soup as a first course on this menu, and make dessert fruit and cookies, you'll have a really easy-to-get meal.

Sardines with Cucumber and Onion Rings

Ingredients: 1 cucumber (about 7 inches long), 1 medium-sized onion, $\frac{1}{2}$ cup cider vinegar, 2 tablespoons sugar, 2 tablespoons water, $\frac{1}{4}$ teaspoon salt, white pepper, 2 cans

(4 ounces each) sardines packed in slightly spiced soya bean oil, 2 tablespoons minced parsley.

Method: Wash cucumber in cold water and dry; cut off ends. With swivel-blade vegetable peeler, pare cucumber lengthwise leaving part of green skin in a striped effect. Slice into paper thin rounds.

Cut ends from onion; peel; slice into paper-thin rounds; separate into rings. Stir vinegar, sugar, water, salt and a dash of pepper, together until sugar dissolves. Mix with cucumbers and onion rings in a flat container (about 8 inches square). Cover tightly; refrigerate for 2 to 3 hours.

At serving time, drain thoroughly. Open sardines. Lift out carefully from oil and transfer to serving dish. Top with marinated cucumbers and onion rings; sprinkle with parsley. Serve at once. Makes 4 servings.

Kitchen Tips The marinade for the cucumber and onion rings may be varied. Cream (sweet or sour) seasoned with lemon juice, sugar, white pepper and a dash of garlic salt may be used.

Minced fresh dill may be added to the standard marinade we have given you.

Tarragon vinegar may be substituted for part of the cider vinegar in the standard marinade.

You will need a wide-blade extremely sharp kitchen knife to cut

the cucumber and onion rings thin. Or if you don't wield a sharp knife deftly, you can use a swivel-blade vegetable peeler to shave off paper-thin round cucumber slices.

SALMON PATTIES
Method: Turn salmon, including liquid in can, into a mixing bowl. Remove any large bones if desired; flake with a fork. Mix in grated onion (pulp and juice), parsley, $\frac{1}{4}$ cup of the bread crumbs and pepper to taste. Beat egg until thick and lemon colored; fold into salmon mixture. Shape into 6 small patties; roll in remaining bread crumbs.

Melt 2 tablespoons of the butter in 9-inch skillet over low heat; add patties and fry slowly, turning to brown both sides. Add extra tablespoon of butter if needed for frying.

Use a kitchen scissors when you are cutting dates into small pieces to add to cookies and wet the blades of the scissors. This way the fruit won't stick together.

Dry leftover slices of stale bread in a slow oven until crisp and lightly browned, then put through the fine blade of a food chopper for uniform crumbs.

Prick a pie shell that is to be baked before filling is added; the tiny holes fill up during the baking and they help to prevent the shell from shrinking.

Barley, Shrimp Cantonese

BY GAYNOR MADOK

In cosmopolitan Middle West cities like Chicago, Omaha, Minneapolis and Kansas City, Chinese, Japanese, German, Italian and French restaurants have popped up in great numbers. Midwest grains such as barley, oats, wheat and corn are in large quantities in these restaurants in German dumplings, Italian spaghetti, etc.

This barley with shrimp Cantonese is a delicious example. **Shrimp Cantonese in Barley Ring (6 servings)**

Barley Ring: one and one-half cups barley, 6 cups water, 1½ teaspoons salt, 1-3 cup butter, ¼ cup chopped onion, ½ cup chopped mushrooms, ¼ teaspoon pepper, 1 teaspoon salt.

Shrimp Cantonese: One cup sliced celery, ½ cup sliced green pepper, ½ cup sliced green onions, 3 cups water, 4 tablespoons cornstarch, 2 tablespoons soy sauce, 1-3 cup cold water, ½ teaspoon bead molasses, 1 No. 2 can bean sprouts, drained; 2 cups cooked shrimp, 1 tomato, cut into wedges.

For the barley ring, cook barley in boiling salted water about 45 minutes. Melt butter in a frying pan over medium heat. Add onion, mushrooms, salt and pepper; sauté until onions are transparent. Add barley and stir well to thoroughly combine with butter mixture. Pack firmly into a well-greased 1½-quart ring mold. Bake in moderate oven (350 degrees F.) 20-25 minutes.

For the shrimp Cantonese, place celery, green pepper, onions and 3 cups water in saucepan. Bring to a boil over high heat. Boil 2 minutes. Mix cornstarch, soy sauce, cold water and bead molasses until thoroughly blended. Slowly add cornstarch mixture to boiling vegetables. Cook until thickened and clear. Stir in bean sprouts, shrimp and tomato wedges. Heat thoroughly.

To serve, unmold barley ring platter and fill center with shrimp Cantonese.

Sandwich Party For Mothers Day

On her special day, Mother might enjoy a tea party planned by her children and attended by her old friends. It should be gracious and informal. Make delicate and interesting small sandwiches and, of course, a beautiful Mother's Day cake. Your mother will be pleased.

Chicken Cheese Bars

(Yield: 30 bars)

Six slices enriched bread, 3 slices whole wheat bread, 3 tablespoons soft butter or margarine, 6 tablespoons bacon cheese spread, 2-3 cup chopped chicken, 2 tablespoons chopped stuffed olives, 3 ta-

blespoons mayonnaise or salad dressing.

Spread each slice of bread with butter. Spread 2 tablespoons bacon cheese spread on 3 slices of buttered enriched bread and top with whole wheat bread, buttered side up. Combine chicken, olives and mayonnaise. Spread ¼ cup chicken filling on whole wheat bread and top with another slice of enriched bread, buttered side down. Press sandwich together firmly, cut off crusts and wrap each sandwich in waxed paper; chill.

To serve: Unwrap each sandwich and cut crosswise into 5 slices. Cut each slice in half.

Cheese Sticks (Yield: 24 sticks)

One quarter cup sharp cheese spread, 2 tablespoons slivered blanched almonds, 1 tablespoon

chopped pickle relish, 1 tablespoon thick French dressing, 8 slices enriched bread, 1-3 tablespoons soft butter or margarine.

Combine cheese spread, almonds, pickle relish and French dressing. Trim crusts from bread and spread each slice with ½ tea-

spoon butter. Spread half the bread slices with 2 tablespoon cheese mixture and top with another slice of bread. Cut each sandwich into 3 strips.

Lemon Sauce Adds Flavor to Gingerbread

As a dessert, gingerbread is a universal favorite. Dark and temptingly luscious, it can be served hot or cold, with sauce, whipped cream or plain.

Fluffy lemon sauce adds just the right piquant flavor to gingerbread. The best part of it all is that the sauce can be prepared while the gingerbread is baking.

Gingerbread with Lemon Sauce
1 box gingerbread mix, 1 7-ounce bottle lemon-lime carbonated beverage, 2 tablespoons water.

1 7-ounce bottle lemon-lime carbonated beverage, 1/4 cup sugar, 2 tablespoons water.

4 eggs, separated, 1/2 teaspoon of salt. Prepare gingerbread according to package directions, adding water to one bottle of lemon-lime carbonated beverage to make one cup.

Meanwhile, prepare sauce: combine remaining bottle of lemon-

Pecan Bars
Ingredients: 2-3 cup sifted flour, 1 teaspoon double-acting baking powder, 1/2 teaspoon salt, 1/4 cup butter, 3/4 cup firmly-packed dark brown sugar, 1 egg, 1 teaspoon vanilla, 1/2 cup chopped pecans.

Method: Sift together the flour, baking powder and salt. Cream butter and brown sugar; beat in egg thoroughly with vanilla. Stir in sifted dry ingredients and pecans. Spread evenly in buttered baking pan (6 by 9 inches).

Bake in moderate (350 degrees) oven 25 to 30 minutes. Do not overbrown. Place pan on wire rack to cool; when still warm cut into bars and remove with spatula. When entirely cooled, store in tightly covered container.

Baby Needs Foods High In Protein

BY GAYNOR MADDOX
EA Food and Markets Editor

From April 26 to May 3 is National Baby Week, focusing our attention on what's best for babies. In each of the past four years over four million of them were born. That's quite a crop of high chair gourmets.

For growing babies, as well as grownups, no one food is essential to health. We need some 60 specific nutrients, which are obtained from a varied diet, according to Dr. Fredrik J. Stare, professor of nutrition at the Harvard School of

Public Health. Each food makes a significant contribution, but it is the combination of different food groups that provides all the required nutritive factors. Each day's food must do a building job, especially in childhood when growth is rapid and the intake measured in spoonfuls.

Today more high protein foods are used on doctors' recommendation, for during infancy and early childhood, protein needs are higher — in proportion to body weight — than at any other time of life. Joining the strained and junior "straight" meats and strained egg yolks are high protein dinners, in strained and junior textures, planned around beef, chicken, veal.

Items developed "just for baby" now number close to 90. Tin yebiggers often start semi-solids with ral "quad," hay packagethMHM cereal "quads," handy packages that group miniatures of four ready-to-eat cereals—rice, barley, oatmeal, and mixed cereal.

Baby and Mother's Delight
(8 servings, 1/2 cup each)

Two (8-ounce) jars junior applesauce and apricots, 1 egg yolk, well beaten; 1 envelope (1 tablespoon) unflavored gelatin, 1/4 cup cold water, 1-3 cup water, 2 tablespoons lemon juice, 1-3 cup instant nonfat dry milk powder, 1 egg g

lime carbonated beverage with sugar and egg yolks and cook over low heat until thickened, stirring constantly.

Beat egg whites with salt until stiff. Carefully fold egg whites into sauce. Serve sauce over squares of gingerbread. 8 servings.

Vegetable Cookery

Deep skillets with dome-type covers make perfect vegetable cookers. Because the covers fit tightly, they help retain moisture during the cooking, and only a small amount of water need be used. Broccoli and asparagus stalks may be laid flat in such a skillet, and if their fibrous outer covering has been pared off, tops and bottoms of the vegetables will cook in the same time.

Lemon Cake

Ingredients: 2 tablespoons flour, 1/4 teaspoon salt, 1/2 cup sugar, 2 eggs (separated), 1 cup milk, 2 teaspoons grated lemon rind, 2 tablespoons lemon juice.

Method: Put flour, salt and sugar into a sifter; reserve. With rotary beater (hand or electric) beat egg yolks slightly; sift in flour mixture; beat just enough to combine. Add milk, grated lemon rind and lemon juice; beat enough to mix.

With clean beater, beat egg whites until they hold stiff peaks that stand straight up when beater is slowly withdrawn. Turn stiff-beaten egg whites into egg yolk mixture; beat gently just until combined.

Turn into buttered 1 1/2-quart scuffin dish (7 1/2 inches inside diameter and about 2 1/2 inches deep). Mixture will fill dish only part way. Place in pan of water that has just come to the boiling point.

Bake in this water bath in slow (325 degrees) oven for 35 to 45 minutes or until cake tester inserted in center comes out clean. Cool and serve. Makes 5 servings. There will be a cakelike top and custard bottom.

The Amazon River's discharge of water is greater than that of the world's three next largest rivers combined.

BURNS, deceased, filed its Petition against them in the Probate Court of Columbiana County, Ohio, same cause of action, No. 5420, and said Court, for the sale of certain real estate described in the Petition as follows:

Situated in the City of Salem, Belmont County of Columbiana and State of Ohio, and known as and being part of Lot No. 32, Phillip Evans Addition to the City of Salem, recorded in Volume 2, Page 165 of the Columbiana County Record of Plats, and bounded and described as follows:

Beginning at an iron post on the East line of Woodland Avenue, 70 feet south of the intersection of the East line of Woodland Avenue and the South line of East State Street;

Thence East 60 feet, parallel to the South line of East State Street, to a point;

Thence West 60 feet, parallel to the South line of East State Street to a point on the East line of Woodland Avenue;

Thence East 60 feet, to the place of beginning.

Subject, however, to the valid rights, if any, of the property owner of the East 60 in the easterly 4 feet of the above described property by reason of conveyance and/or prescriptive right.

The prayer of said Petition is for the sale of said real estate. Said defendant filed his Answer to the Petition by the 14th day of June, 1958 or judgment will be taken against them.
